ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

February 4, 1929.

To the School Board and Citizens of Sandown:

I herewith submit to you my second annual report as superintendent of schools.

The two schools of Sandown opened September 4, 1928, with Mrs. Edna K. French in the Clark School and Miss Dorothy Underhill in the Pine Grove School. Miss Underhill is a new-comer to the ranks of teaching, having graduated from Plymouth Normal last June. She comes to you with the best of recommendations and is fulfilling your confidence placed in her.

Four pupils made up the graduating class of the eighth grade last June, namely: *Fred Drowne, Alice George, *Dorothy Rowell, *Arlene Sherbut.

The star indicates that the pupil entered high school this fall. That 75% of your graduates are entering high school is a noteworthy achievement. I hope that later classes may have even a better record. The value and almost necessity of high school training are becoming more and more evident Other than these, Sandown has no other pupils in secondary schools. If we may judge from recent reports from the institutions in which these pupils are attending, we have no cause to feel ashamed because of the work of these (your) graduates. I urge you to commend these young people and encourage them in their efforts.

The following pupils were neither absent nor tardy during 1927-1928:

Pupil	Parent
Marion Brown	Frank Brown
Dorothy Rowell	George Rowell
Bertha Woodard	Herbert Woodard
Mary Woodard	Herbert Woodard
Dorothy Love	Bernard Love
Lucile True	Ralph True

As the credit for such commendable attendance often is due the parent, his name is given as well as that of the pupil. The list contains one less name than in 1926-27. Would that the list could contain 12 names for 1928-29, the present school year!

In reading this report please note the attendance statistics given on a following page. One item calls attention to an undesirable evil. The rate of tardinesses per pupil increased greatly. I ask your co-operation in materially bettering these figures for this year. Tardiness should be very rarely, if ever, tolerated. The table also shows a loss in the number of visits by parents and citizens. Although the loss is slight, I hope it does not bespeak lack of interest in the work of the schools. Some parents make it a practice to visit their schools at least once a week. Kindly consider seriously the adoption of the above practise.

In the interests of safety for every child in Sandown, I enlist your co-operation in the elimination of every possible danger to the children while on the way to and from school. The National Council of Safety recommends that school children be taught to walk on the left hand side of the road where there are no sidewalks. The reasons for such procedure are that autos approaching from the front can be seen and a move made to step aside if necessary while autos approaching from the rear naturally pass on the right hand side of the road with less chance of striking a person in case he did not hear them. I urge your assistance in this respect toward the instruction of your boys and girls.

One of my fondest hopes is that every district in this Union shall organize a Parent-Teacher Association. Some in my position oppose them; others encourage. I am pleased to be counted among the latter. As the stimulus for a successful organization must come from the outside, I await any interest which this note may arouse. Other groups around you are doing splendid work. Certainly, a live active Parent-Teacher Association can do much for the interests of your children.

In closing this report, I take this opportunity to thank the School Board, teachers and citizens of Sandown for their loyal support given me during the trials of my first year. It has been splendid. I trust in its continuance.

Respectfully submitted,

HAROLD C. BOWLEY,

Superintendent of Schools.
